# Foreword

## **From the Vendor - Richard Loe,**

Here are the Glenloe Dohne sale rams for 2022

We like a lot of farmers had a fairly wet winter but our sheep handle it very well.

The rams came through very well and were 6-7 kg heavier at scanning than last year.

Again their foot score show movement in the right direction with 50% of the rams with a 1:1 score.

The wool weights and micron are where we are aiming as are the EMA data

## **Sale Format**

The sale will be conducted as a Helmsman-style auction, meaning that all lots are for sale simultaneously. This is to allow for the participation of those in attendance, as well as those online. The sale will be hosted on the **Yourbid** platform and accessed from the following link:

**<https://www.yourbid.co.nz/>**

From **Monday 28th November**, videos of the rams in their respective lots will be available for viewing up until sale day at the following website:

**<https://www.yourbid.co.nz/>**

**Rams are available for viewing in the paddock anytime** – just call Richard Loe on **027 208 5185** to arrange a time.

**Online registration is available** and we encourage everyone to visit our website **<https://www.yourbid.co.nz/>** to register, and then place practice bids on the demonstration lots on the auction page. **Conditions of Sale** will be available on the Yourbid website.

**Buyers registering online** will receive a buyer number in their email which will automatically accompany each bid they place, whether they do so at home on their computer, or through their smart phone while in attendance.

**Buyers can also register and bid in person on Sale Day, Thursday 8th December**, the on-farm registration desk will be open from **2pm**, where a copy of the Conditions of Sale will be posted. Buyers will receive a buyer number as they register which will accompany each bid. Those in attendance can bid by writing using the supplied bidding cards and handing them in to the auctioneers. All live bids and all lots will be visible at all times, both online and on a big screen on-farm.

**Videos of rams in their lots** will be released on the **Yourbid** website on **Monday 28th November**. This video will include footage of every ram in the catalogue with expert comments from genetic specialists and will be available for viewing right up until the sale.

**Online bidding** will be open from **7pm on Sunday 4th December** until the conclusion of the sale. On Sale Day, Thursday 9th December, the on-farm registration will be open from **2pm**.

**A live screen on the website** will show all lots alongside their current prices and the buyer number of the bidder who holds that lot. On-farm attendees will be able to view on a big screen on site. Bids will be displayed on a computer or smart phone screen in the following colours:

**Example:**

\$2500 Displayed in red denotes the vendors reserve and indicates there has been no bid.

\$3000 Displayed in **blue** means an active bid has been received.

\$3500 **Orange** highlight indicates a new bid has been received.

\$3500 The holder of the leading bid will have the lot number highlighted in **green** on their own computer or smart phone.

**The sale will run until 4pm on Thursday 8th December.** After this time, the sale will conclude once there has been a period of at least 2 minutes without a bid being received on any lot. If another bid is placed on any lot during the 2-minute period, then time is extended, and bids can be received on all lots for a further 2 minutes. This process will be repeated until a clear 2 minutes pass without any bids on any lot, at which time the sale will conclude.

**Final Time** will be called clearly by the Auctioneers who will use their discretion to ensure all bidders are satisfied. All updates will be posted on our website, as will an up-to-date version of this document.

**Rebate purchasing commission.** In conjunction, PWA Ltd and Hazlett Ltd are the selling companies and are booking the sale.

1. 6% rebate commission will be paid to the nominated buying company, provided that either the vendor or one of the booking companies are advised of the purchaser's intention to buy prior to the commencement of the on-farm sale, or before the purchaser commences bidding online.
2. 3% rebate commission will be paid to the nominated buying company when the vendor or the booking companies have **NOT** been advised of the purchaser's intention to buy prior to the commencement of the on-farm sale, or before the purchaser commences bidding online.

# ***Conditions of Sale***

1. The auction will be conducted under the NZ Stock & Station Agents Association Conditions of Sale and the Yourbid Terms & Conditions as available at the following website: **<https://www.yourbid.co.nz/>**
2. Each lot shall become the property of the purchaser at the close of the Yourbid auction.
3. Finance are strictly cash prior to delivery of any animals unless prior credit arrangement has been made with the Auctioneers.
4. Although all care has been taken to ensure the accuracy of the information contained in this catalogue, Hazlett Limited or Yourbid and their employees do not accept any responsibility or liability as to mis-descriptions errors, omission or mis-statements either directly or indirectly by the negligence of the companies and/or their employees.
5. The sale will be conducted purchase price plus GST.
6. The on-farm auction site will be operating under the Health and Safety at Work Act 2015, when attending please first report to the registration area and familiarise yourself with the hazards identified on site and remain within the confines of the auction area at all times.
7. Transport: Leave full and explicit instructions in regard to transport.
8. Insurance: The selling agent can arrange insurance on any stock.
9. Upset Price for each lot will be as listed on the Yourbid website.
10. No transfer available.

## **Overseas Export.**

11. Prior to auction – Purchases who wish to export the animal/s (“Export Purchases”) must advise the auctioneers at least 2 hours prior to the sale commencing that they are considering purchasing specific breeds at the auction. The Auctioneers will then advise all vendors of relevant breeds that their animals are being considered for export. Vendors not wishing to have their animals considered for export are to advise the Auctioneers.
12. Purchase at auction by Export Purchases is conditional upon the animal/s purchased passing all relevant export protocol and testing (conducted at the Export Purchase’s expense). Full payment (plus GST) will be made at the fall of the hammer to the Auctioneers as per usual terms and conditions. Payment will be held by the auctioneers until the animal/s leave New Zealand. Payment will be refunded to the Export Purchases less all associated export costs for any animal/s purchased failing export protocol and testing.

# ***Clever selling tool catches on***

A new livestock sales platform idea is sweeping the stud sector.

Yourbid was developed during the Covid-19 lockdown period earlier this year by the Giddings family as an online platform to host the sale of sheep and cattle bred at Meadowslea, their South Canterbury base west of Fairlie.

Meadowslea principal David Giddings is quick to give his son George credit for leading the development of the website platform, but says it's already catching on elsewhere in the world because of its simplicity and the pressure-free opportunity it presents for buyers to consider their purchases.

"It's gone ballistic really," he says.

Meadowslea formulated an agreement with a stud operation in the UK which used the new platform last month for the first time. The sale generated over 1700 bids on 110 rams and produced a record gross revenue, smashing the previous best average price by 40%.

Giddings says Yourbid offers registered buyers the chance to view the catalogue of stock and videos over several days once the sale catalogue is open for viewing. They can place bids and watch progress on each lot right up to the sale closing time.

"It just gives people time to consider their purchasing decisions. They can watch a video of each lot, talk it over with others in the family or their agent, and make a decision to place a bid or not."

"Yourbid means buyers can buy based on their own order of choice, rather than by lot number as they have to now with a traditional auction sale."

The Giddings' have used videos in the past to showcase animals and the Helmsman 'silent'

auction system for previous sheep sales.

Buyers register on the platform to view each sale catalogue and a commission is still paid to the livestock firms that are involved with each purchaser. Bids are also anonymous to other bidders and only the buyer's number is displayed alongside the lot number and price until the conclusion of the sale when all buyers' details appear on the screen. All registrations and buyer details are retained by the vendor which allows dialogue and advice to be shared in the days leading up to the sale.

Buyers are encouraged to bid until the sale ends and provided there are no further bids within two minutes of a sale's official ending, the sale finishes and the top bidder for each lot is notified of their success. If a bid comes in within that two minutes on a particular lot or lots, the sale continues until that two minute minimum deadline is reached.

Giddings says local agents have embraced the platform because they also have time to review and offer advice on specific lots to their clients, which helps to enhance their service.

The first ram auction in NZ using the Yourbid platform will be the Meadowslea Ram sale offering 300 Rams closing on November 26 followed by the Glenloe Dohne Merino offering of 40 two-tooth rams by stud principal, Richard Loe, Waimakiriri Gorge, closing on December 10.

Visit [yourbid.org](http://yourbid.org) to find out more and view a demonstration auction.

## ***Dohne's a good fit at Rata Peaks (from 2020)***

Sometimes having a bet each way works better than putting all your money on a horse to win. It's a strategy that's working well for the Taylors at Rata Peaks Station in the Rangitata Valley, South Canterbury.

To continue the betting analogy, the breed they backed shortly after taking on the 1836ha property in 1989 is the Merino, and since 2001, the Dohne-strain of Merino, which is where the each-way bet comes in.

"When we're buying rams we're concentrating on feet and eye-muscle area," says Sam Taylor, who is gradually taking up the reins from mother Jan Taylor and her partner Craig Feaver.

Birthweight and weightgain EBVs are also checked, then they look at the wool.

"The wool is coming back into it too. We're trying to get the best of everything," admits Sam.

Getting the wool weight up is the main focus on the wool side. Currently average ewe clip is about 4.5kg from the annual mid-September shearing, and the hoggets 3.0 to 3.5kg, or a bit more for the remaining wethers amongst them.

Now lamb/hogget fleeces are consistently 17 to 18 micron and ewes 19-20.

Only three years ago, in March 2017, some of their hogget fleece at 17.7 micron hit the headlines for making the highest price at auction in Australasia.

"It made \$31.04/kg clean. We averaged \$18.50/kg clean for all our wool that season." But meat is an important income stream

for the business too. The Dohne's have more than enough fertility for the long-winter, normally summer-dry, environment and produce a higher value carcass when finished.

"We only wet/dry scan but we tail about 120% from our mixed aged ewes so they must be scanning at about 150%. Two-tooths tail 100%," says Sam.

There's no shepherding. "We have a lock-up and leave policy."

Besides black faced lambs from the terminal mob, the bottom quarter of the Merino lambs are sold store and they finish everything else, taking about 1400 lambs through the winter from which they select their 450 replacement hoggets. The rest have been sold prime on a contract to Blue Sky Meats through local PGW agent, Rod Sands, for the past five or six years.

"They're good quality lambs, prime, and they yield very well," says Sands.

Good growth rates also mean they're hitting the optimum carcass weight for the contract of around 22kg at what's usually the peak of the market in October.

As of the end of October this year, 784 had gone, averaging 21.8kg at \$7.20/kg excluding GST, with 170 left to go, mostly non-replacement ewe lamb, said Jan.

They wouldn't cut teeth until well into the New Year, but they'd probably be gone in the next three or four weeks – ie late November – anyway, she added.

# *Sires Used - 2020 mating*

Ulooloo 0164-17 (SA)  
Uardry 2581-16 (NSW)  
Gullendah 7455-11 (NSW)  
Glenloe 204-19  
Glenallen 263-19(son of Mumbelebhone)  
Middlehurst 287-19(son of Wallaloo)

**In our 2021 AI Programme we used two new sires.**

**Ulooloo 0164-17** - (SA) this ram was deemed to be one of the best sheep at the Bendigo sheep show 2 years ago (the last time it was held),he has a great fleece and great carcass.

**Uardry 2581-16** - (NSW) this ram was judged the best Dohne at the Bendigo Sheep Show the year before,he's a 1,2 foot score.

Uardry along with DD & Calga studs make up one of Australia's biggest Dohne studs
