

# WAIMĀRA ANGUS

15th ANNUAL

## BULL SALE

10.30am THURSDAY

4<sup>th</sup> JUNE 2026

483 SUTHERLAND ROAD, LUMSDEN

[www.waimaraangus.co.nz](http://www.waimaraangus.co.nz)

**Waimara U006** - Freshly removed from his heifers at The Branches Station. Station Manager Gene Bryce said 'He got 58 out of 61 in calf and hardly lost a pound. A tidy bull with tremendous temperament'

# WAIMĀRA

# ANGUS

BRED TO PERFORM

- BVD tested negative and vaccinated
- TB Status C10
- Everything calved as a 2yr old
- Our herd is free of all known genetic defects
- Balance - we do not believe in single trait selection
- Fertility tested by Xcell Breeding Services
- Muscle scanned by by Bailey Scanning
- 5 star Breedplan Record
- Extensive money back 3yr fertility and structure guarantee – no credits
- Independently Inspected by Rob Hall

## INTRODUCTION - WAIMARA ANGUS

The Waimara Angus family warmly welcomes you to our 2026 Annual Bull Sale. Fifteen years of on-farm sales feels like a milestone worth pausing for—but in true Waimara fashion, we're not big on standing still for too long. What started back in 1988 with just four cows and a good dose of optimism has grown into something we're incredibly proud of. From private sales through to our first on-farm auction in 2012, and the various locations and partnerships along the way, it's been a journey shaped by family, good people, and a genuine love of Angus cattle.

That passion now spans three generations (with a fourth not far behind), and it continues to drive everything we do. We've been fortunate to meet like-minded breeders and clients across New Zealand and further afield, and we're grateful for the knowledge shared, the friendships formed, and the support that's helped shape Waimara into what it is today.

At the heart of it all, though, our focus hasn't changed. We are committed to breeding balanced, fertile, structurally sound Angus cattle that perform where it counts—out in real, commercial conditions. Our cows are expected to do the hard work: calve unassisted, get back in calf, and raise quality progeny year after year, all while running alongside sheep and handling the realities of their environment be it hot and dry, wet and cold on the hills or on the flat.

We continue to hear great feedback from our clients—strong weaning weights, solid conception rates, and cattle that get the job done. That's what drives us, and we're always happy to talk through your own breeding goals or help match a bull to your system. Our 3-year structure and fertility guarantee remains an important part of that commitment.

This year's draft of bulls reflects the direction we're heading. You'll see progeny by our own Waimara sires alongside proven performers, combining consistency with a bit of fresh influence. They're a practical, functional group that we believe will add value across a range of systems.

We encourage you to come and see them for yourself—whether at our Open Day on the 18th of May or by arrangement beforehand. And if you can't make it in person on sale day the 4th of June, we've made it easy to stay involved via YourBid online selling platform.

Most importantly, sale day for us is about more than just bulls. It's a chance to catch up, share a yarn, and enjoy the company of people who are just as passionate about the beef industry as we are.

We look forward to seeing you there.

Thank You

The Waimara Angus Family

## CONDITIONS OF SALE

- 1) The sale will be conducted as a Helmsman-style auction, meaning that all lots are for sale simultaneously. This is to allow for the participation of those in attendance, as well as those online. The sale will be hosted on the Yourbid platform and accessed through our website [www.waimaraangus.co.nz](http://www.waimaraangus.co.nz) or directly at [www.yourbid.co.nz](http://www.yourbid.co.nz). Prior to the sale, all lots will be filmed and available for viewing up until sale day on the Waimara Angus website.
- 2) **Health and Safety Regulations:** Visitors are reminded of the OSH regulations and are requested to take all care and responsibility for all actions whilst on the property.
- 3) Each lot becomes the property of the purchaser at the conclusion of the sale.
- 4) Although every care has been taken in ensuring the accuracy of this catalogue no responsibility is accepted for any errors that may be included therein.
- 5) **Insurance:** We recommend Purchasers Insure their Bulls on the day of the sale through the Auctioneers.
- 6) **Guarantee:** The entry of any bull in this catalogue constitutes a Guarantee of soundness that affects the bulls ability to breed and their fertility for three years. The purchase price will be refunded (without interest, expenses cost or damages) should the bull prove totally infertile (a vet certificate is required to validate fertility) and provided that the purchaser shall throughout the guarantee period assure that the bull has proper care and attention and is maintained in good condition and health including annual BVD vaccination. The value of the bull shall decrease by 1/3 each year also taking into account possible killing revenue. The incapacity due to injury, neglect or to illness suffered or contracted after the sale is not covered by the guarantee.
- 7) **Disclaimer:** The vendor reserves the right to alter the order and replace or withdraw lots.
- 8) All bulls are tuberculosis tested in accordance with statutory regulations. TB Status 10
- 9) All bulls have been BVD blood tested negative and have been vaccinated twice with Bovillis BVD
- 10) **G.S.T:** All bulls sold are G.S.T exclusive
- 11) All sale bulls have passed a veterinary semen evaluation test prior to sale.
- 12) Free delivery within the South Island
- 13) **PURCHASING REBATE:** All intending purchasers are required to register either online at [yourbid.co.nz](http://yourbid.co.nz) or on farm at the sales office prior to the sale. Waimara Ltd will pay a purchasing rebate of 6% of the purchase price excluding GST, plus GST, to livestock companies & recognised independent livestock agents. **ARRANGEMENTS MUST BE MADE PRIOR TO THE SALE AND SETTLEMENT MADE ON THE PURCHASER'S BEHALF WITHIN 14 DAYS OF SALE.**
- 14) Waimara reserves the right to collect 100 straws of semen from any bull in this catalogue for in herd use only

# ON-LINE BIDDING

opens on

**Thursday 04<sup>th</sup> June-8.30am**

[www.yourbid.co.nz](http://www.yourbid.co.nz)

## SALE FORMAT

The sale will be conducted as a Helmsman-style auction, meaning that all lots are for sale simultaneously. This is to allow for the participation of those in attendance, as well as those online. The sale will be hosted on the yourbid platform and accessed through the website [www.yourbid.co.nz](http://www.yourbid.co.nz).

Prior to the sale, all lots will be filmed and available for viewing on the **Yourbid website**.

Registration for those in attendance will be at the on-farm office, where a copy of the conditions of sale will be posted.

Registration for those online will be through the Yourbid web-site, where the conditions of sale will also be available.

Buyers will receive a buyer number as they register which will accompany each bid they place, whether they do so at home on their computer, or through their smart phone, or manually while in attendance.

Those in attendance may also bid by writing on the supplied bidding cards and handing them in to the auctioneers. All live bids and all lots will be visible at all times, both online and on a big screen on-farm.

Online registration is available NOW and we encourage everyone to visit our website [www.yourbid.co.nz](http://www.yourbid.co.nz), to register, and then place practice bids on the demonstration lots on the auction page.

Online bidding will be open from Thursday **05<sup>th</sup> June - 8.30am** until the conclusion of the sale.

Updates on state of sale and likely finish will be made through the comments section of the web-site chat room.

A live screen on the website will show all lots alongside their current prices and the buyer number of the bidder who holds that lot.

Bids will be displayed on a computer or smart phone screen in the following colours: A live screen on the website will show all lots alongside their current prices and the buyer number of the bidder who holds that lot.

On-farm attendees will be able to view on a big screen on site.

---

Bids will be displayed on screen in the following colours

**EXAMPLE:**

**\$2500** Displayed in Red denotes the Vendor's reserve and indicates there has been no bid

**\$3000** Displayed in Blue means an active bid has been received \$3500 Orange highlight indicates a new Bid has been received within the last 2 minutes on this lot

**\$3500** The holder of the leading bid will have the lot number highlighted in green on their computer or their smart phone

The sale will run until **12.00pm, 04<sup>th</sup> June 2026**. After this time the sale will conclude once there has been a period of at least 2 minutes without a bid being received on any lot. If another bid is placed on any lot during the 2-minute period, then time is extended and bids can be received on all lots for a further 2 minutes.

This process will be repeated until a clear 2 minutes passes without any bids on any lot at which time the sale will conclude. Final Time will be called clearly by the commentary team who will use their discretion to ensure all bidders are satisfied. All updates will be posted on the website, as will an up-to-date version of this document.

The award-winning yourbid online selling platform was developed by the Giddings Family for their 2020 Angus Female Sale which was held during the first COVID lockdown.

The system was further developed to incorporate on-farm and online bidding, and has been used successfully for 3 years now.

It has been used to run over 50 sales of sheep and cattle sales for studs both in NZ and the UK.

**XCELL**  
BREEDING SERVICES

## SEMEN EVALUATION AND FERTILITY TESTING

Xcell Breeding Services semen evaluation and fertility testing is a practical method used worldwide to eliminate bulls with less than satisfactory breeding potential and is part of our procedure to demonstrate normal reproductive ability. Xcell Breeding Services uses this safe and reliable method to assist the breeder in their desire to produce quality animals.

The evaluation consists of:

- Palpation and examination of the testicles, the testis should be firm, equal in size with no palpable abnormality and have scrotal diameter in keeping with industry standards.
- The penis and sheath are examined for any apparent abnormality e.g. sores, lacerations, abscesses, hair rings, warts, cork screw, penile frenulum, scar tissue, signs of damage. During electro stimulation the penis must extend from the sheath, straight in the midline of the bull.
- Microscopic evaluation of a semen sample for Motility (% of live sperm within the sample) and morphology (% of normal vs. abnormal sperm within the sample).

All the above information is considered and, where there is any departure from normal the bull is either failed outright or re-evaluated at a later date.

Each bull presented by **Waimara Ltd** has undergone Xcell Breeding Services semen evaluation and fertility testing on **03/03/2026**

Greg McKay  
General Manager

Disclaimer: As the testing is often done some months prior to the bull being joined, it is important to appreciate that subsequent ill health or injury may render the animal either temporarily or permanently infertile.

It is important to observe young bulls working and it is good practice to back up mate with a proven sire after 2 cycles to cover the possibility of any possible subsequent temporary infertility.

For more information please go to [www.angusnz.co.nz](http://www.angusnz.co.nz) or on sale day find Chris or Kate Pont and we will look up any additional information you might require.

## Angus NZ EBVs Explained

EBVs and Selection Indexes remove the effects of non-genetic factors (e.g. feeding regimes, animal age) to provide the best measure of an animals genetic merit.

To ensure the accuracy of EBV and Index data, Angus NZ combine with Angus Australia to create a reference population known as the TransTasman Angus Cattle Evaluation (TACE).

By using TACE – along with visual and structural appraisal – will assist in creating a balanced phenotypical and genotypical breeding outcome.

### FOUR STEPS TO SELECTING YOUR NEXT ANGUS NZ SIRE:

1. Consider your individual EBVs of importance
2. Consider other traits of importance (e.g. visual assessment)
3. Identify the **Angus NZ selection** index of most relevance to your breeding programme
4. **Rank animals** using the chosen Selection Index.

Angus NZ publishes the following TACE EBVs and Selection Indexes. Please note that only EBVs from the same TACE analysis can be directly compared.

Growth EBVs	Fertility & Birth EBVs	Carcase EBVs
Birth Weight	Scrotal Size	Carcase Weight
200 Day Growth	Days to Calving	Eye Muscle Area
400 Day Weight	Gestation Length	Rib Fat
600 Day Weight	Calving Ease Direct	Rump Fat
Milk (Maternal)	Calving Ease Daughters	Retail Beef Yield
Mature Cow Weight		Intramuscular Fat

Other EBVs	Selection Indexes
Docility	Self Replacing
Structural Assessment	AngusPure
	Heifer Dairy Terminal
	<p data-bbox="567 433 888 523"><i>Details about the Angus Selection indexes can be found at:</i></p> <p data-bbox="534 562 919 653"><b><a href="http://breedplan.une.edu.au/media/bqjbnnbh/using-new-zealand-angus-selection-indexes.pdf">breedplan.une.edu.au/media/bqjbnnbh/using-new-zealand-angus-selection-indexes.pdf</a></b></p>

For more information, including EBV descriptions and how to use them go to: **[breedplan.une.edu.au/media/dtapdm34/using-and-understanding-breedplan-ebvs.pdf](http://breedplan.une.edu.au/media/dtapdm34/using-and-understanding-breedplan-ebvs.pdf)**

Beef + Lamb Genetics have developed a new tool to make it easier to find the best bulls for your farming operation. Using a series of buttons and sliders, you can refine down your breeding criteria. On a click of a button, nProve then generates a list of bulls that best fit that criteria. It's free to use, there's no need to register and there's also helpful tips to get started. Try it out at **[www.nprove.nz](http://www.nprove.nz)**

**DISCLAIMER:** The BREEDPLAN Estimated Breeding Values (EBVs) contained within this sale catalogue were compiled by the Agricultural Business Research Institute (ABRI) from the data supplied by breeders. Neither Angus NZ nor ABRI oversee or audit the collection of this data.

\* based on the results of the  
April 2023 TACE analysis

# INVEST IN YOUR HERD'S FUTURE

## Unlock the Power of Genomics

Get the genetic insights you need to make smarter breeding decisions, reduce risk, and maximise herd potential with the genomic profiling options available through PBB.

**ANGUSGS**  
Powered by Neogen

Look for this logo on sale lots— it shows that the animal has been DNA profiled using a SNP-based test and has been included in a genomic evaluation. You will also see “Genomics” listed under its “Traits Analysed”.

## VERIFIED GENETICS, CONFIDENT DECISIONS, STRONGER HERDS

- Make smarter selection decisions — gain genetic insights earlier in an animal's life.
- Market with confidence — provide buyers with verified genomic data.
- Strengthen herd linkages — enhance connections within the reference population.
- High-density SNP profiling — for targeted genetic analysis.
- Trusted parent verification — conducted in-house by the PBB DNA team.

**Power your breeding program with genomics — because better data leads to better cattle.**

**FOR COMPLETE END-TO-END SERVICE AND SUPPORT, TALK TO THE PBB DNA TEAM**

# ANGUSPURE PARTNER STUD

**AngusPure NZ has teamed up with 91 Angus studs who share in our vision - to focus on the end consumer. This stud is proud to be named as one of them, and by using the finest genetics and implementing best management practice they can help you produce more premium quality Angus beef.**

**Only our AngusPure Partner studs display these devices in their sale catalogues. They indicate bulls endorsed by AngusPure NZ.**

## **A** ANGUSPURE ENDORSED BULLS

AngusPure NZ continues to endorse bulls for sale that are either at or above +\$131 for the AngusPure index (API) and at or above +\$118 for the AngusPRO index (\$PRO). These indexes give commercial farmers confidence that by using these selection tools, bulls are most likely to leave progeny with superior carcase quality. At the same time, they achieve desirable outcomes for self-replacing herds, as the AngusPure & AngusPRO indexes still reward cattle with strong maternal attributes like calving ease, scrotal and growth, along with carcase weight.

**To qualify, bulls will be => +\$131 for AngusPure index OR => +\$118 for AngusPRO index**

## **A+** EXTRA ANGUSPURE ENDORSEMENT FOR MARBLING

In addition to the 'A', and to assist bull buyers who wish to select for more marbling AngusPure is rewarding those animals that are either at or above +\$147 for the AngusPure Index (API) and at or above +\$132 for the AngusPRO Index (\$PRO). In addition to this, they must have an IMF EBV (for marbling) equal to or greater than +2.6. These bulls will be awarded an 'A+' endorsement. Marbling is one of the very highest eating quality attributes and is necessary in order to meet some of the highest premium requirements for the export program, AngusPure Special Reserve.

**To qualify, bulls will be => +\$147 for AngusPure index OR => +\$132 for AngusPRO index, and in addition all bulls must be => +2.6 for IMF EBV**

AngusPure NZ recognises the need to lift the amount of marbling in our New Zealand cow genetics, in order to fill the requirements of consumers going forward. Marbling has two critical components; genetics and feeding. Feeding on a rising plane of nutrition is vital but without the right genetics, these attributes will not be able to express themselves.

Advice & Insurance

# **BULL-PROOF**

## **YOUR ASSETS AGAINST RURAL THEFT.**

Theft and burglaries occur more often than you think, and the number of theft claims is increasing.

Every year FMG supports over 1,000 families impacted by theft and burglary. Alarmingly, 1 in 5 clients at rural addresses have been targeted more than once in the same year!

We think now's the time to put a lock on that trend. We have teamed up with NZ Police to create a Rural Crime Prevention Guide to help prevent theft and burglaries at your rural property – find out more at [fmg.co.nz/rural-theft](http://fmg.co.nz/rural-theft)

---

**We're here for the good of the country.**

# FMG Premier Bull Sale Insurance Form

## What is FMG Premier Bull Insurance?

On receiving a completed FMG Premier Bull Sale Insurance form from an existing FMG client, FMG provides insurance cover for bulls including theft, death caused by certain accidents, injury, disease, illness or humane destruction and permanent infertility, provided the bull's purchase price does not exceed \$50,000 +GST. Please contact an FMG representative if you are not an FMG client, or you purchased a bull for over \$50,000+GST.

## What is the length of cover?

Your specified bull(s) can be insured for up to 12 months on FMG Premier Bull Sale Insurance.

## What are the benefits?

- ✓ **Infertility** Cover if your specified bull has to be intentionally slaughtered due to permanent infertility caused by certain accidents, disease, or illness.
- ✓ **Theft or death** Cover for your specified bull for theft or death caused by certain accidents, disease, injury, or illness (including while in transit anywhere in New Zealand).
- ✓ **Vet costs** Cover up to \$500 for treatment of your specified bull to prevent death.

## What will FMG pay?

FMG will pay the fair market value of your specified bull, less any amount you receive for the sale of the carcass, up to the amount shown on the insurance certificate.

# Apply

Please fill in this form as soon as you have purchased your new bull(s) and hand it to your FMG representative. This form **MUST** be fully completed for Premier Bull Sale Insurance.
