## INTRODUCTION - WAIMARA ANGUS

The Waimara Angus family would like to extend a warm welcome to their annual Angus Bull sale.

We have not long passed our second anniversary of moving to Eastern Bush and whilst there have been plenty of financial challenges we have had a season of fantastic growth and after enduring our share of droughts whilst in East Otago it has been a pleasure to farm through a season not having to worry about where our stocks next meal is coming from – however we know this is not the case across the country so we would like to send our thoughts to all our clients and friends in East & Central Otago who have not been as fortunate.

We don't need to dwell too much on this year's challenges – we are all in the same boat and we are still paddling so let's take that as a win – luckily beef once again has held up reasonably well in an otherwise turbulent commodity market! We were really pleased with last year's sale and are very grateful to our existing clients who followed us south and to our new clients who purchased bulls for the first time. Something we really want our clients to be aware of is that we are here to help so if you are looking for any further information or a hand with your own herds please don't hesitate to call, also to highlight our 3-year structure and fertility guarantee – this is money back into your account as we do not give out credits to be used at the next sale, see page 3 for more details. We were really pleased with our new Helmsman style auction run by Your Bid – we felt it did all the things we hoped by slowing down the auction and enabling our clients to take their time and ensure they go away with a bull that really suits their programs and properties.

Our cows have enjoyed their summer doing what cows do best – cruising around behind sheep cleaning up rank 30+ year old pastures, laying down surplus so that they are ready to endure our long, cold winters. We are really pleased with our second line of embryo calves and whilst most other things have been culled from the budget, we have prioritized our embryo program to help us accelerate the progress within our herd.

Whilst we are mindful of growth and carcass requirements for fattening beef cattle the main priority of our breeding program is maternal function. We believe in producing balanced, fertile, structurally sound, efficient cattle that perform in challenging conditions. All our cows are farmed under commercial conditions integrated with sheep. All our breeding cows must get in calf as a rising 2-year-old, calve without difficulty, and get back in calf every year thereafter.

Our sale bulls are looking great, this year you will see catalogued bulls by our own Waimara bred sires, our first crop of bulls by Kayjay Bigmac Q333 purchased in 2021 and Mt Possession M13 a bull we chose in our AI program for his type and data set – a combination which is not easy to find. We believe in using proven NZ bloodlines 95% of the time and you will see this throughout the pedigrees catalogued.

We really encourage you to come and view the bulls before sale day if you are able – we are always available by appointment but will also be having an Open Day on the 17th of May. As I said it has been a challenging year for most in our industry so this year, we are particularly looking forward to catching up with you all at our sale on 30th May.

Thank You

Waimara Angus

## CONDITIONS OF SALE

- 1) The sale will be conducted as a Helmsman-style auction, meaning that all lots are for sale simultaneously. This is to allow for the participation of those in attendance, as well as those online. The sale will be hosted on the Yourbid platform and accessed through our website [www.waimaraangus.co.nz](http://www.waimaraangus.co.nz) or directly at [www.yourbid.co.nz](http://www.yourbid.co.nz). Prior to the sale, all lots will be filmed and available for viewing up until sale day on the Waimara Angus website.
- 2) **Health and Safety Regulations:** Visitors are reminded of the OSH regulations and are requested to take all care and responsibility for all actions whilst on the property.
- 3) Each lot becomes the property of the purchaser at the conclusion of the sale.
- 4) Although every care has been taken in ensuring the accuracy of this catalogue no responsibility is accepted for any errors that may be included therein.
- 5) **Insurance:** We recommend Purchasers Insure their Bulls on the day of the sale through the Auctioneers.
- 6) **Guarantee:** The entry of any bull in this catalogue constitutes a Guarantee of soundness that affects the bulls ability to breed and their fertility for three years. The purchase price will be refunded (without interest, expenses cost or damages) should the bull prove totally infertile (a vet certificate is required to validate fertility) and provided that the purchaser shall throughout the guarantee period assure that the bull has proper care and attention and is maintained in good condition and health including annual BVD vaccination. The value of the bull shall decrease by 1/3 each year also taking into account possible killing revenue. The incapacity due to injury, neglect or to illness suffered or contracted after the sale is not covered by the guarantee.
- 7) **Disclaimer:** The vendor reserves the right to alter the order and replace or withdraw lots.
- 8) All bulls are tuberculosis tested in accordance with statutory regulations. TB Status 10
- 9) All bulls have been BVD blood tested negative and have been vaccinated twice with Bovillis BVD
- 10) **G.S.T:** All bulls sold are G.S.T exclusive
- 11) All sale bulls have passed a veterinary semen evaluation test prior to sale.
- 12) Free delivery within the South Island
- 13) **PURCHASING REBATE:** All intending purchasers are required to register either online at [yourbid.co.nz](http://yourbid.co.nz) or on farm at the sales office prior to the sale. Waimara Ltd will pay a purchasing rebate of 6% of the purchase price excluding GST, plus GST, to livestock companies & recognised independent livestock agents. **ARRANGEMENTS MUST BE MADE PRIOR TO THE SALE AND SETTLEMENT MADE ON THE PURCHASER'S BEHALF WITHIN 14 DAYS OF SALE.**
- 14) Waimara reserves the right to collect 100 straws of semen from any bull in this catalogue for in herd use only

## **ON-LINE bidding**

opens on

**Thursday 30<sup>th</sup> May- 11am**

[www.yourbid.co.nz](http://www.yourbid.co.nz)

### **SALE FORMAT**

The sale will be conducted as a Helmsman-style auction, meaning that all lots are for sale simultaneously. This is to allow for the participation of those in attendance, as well as those online. The sale will be hosted on the yourbid platform and accessed through the website **[www.yourbid.co.nz](http://www.yourbid.co.nz)**.

Prior to the sale, all lots will be filmed and available for viewing on the Yourbid website.

Registration for those in attendance will be at the on-farm office, where a copy of the conditions of sale will be posted.

Registration for those online will be through the Yourbid website, where the conditions of sale will also be available.

Buyers will receive a buyer number as they register which will accompany each bid they place, whether they do so at home on their computer, or through their smart phone, or manually while in attendance.

Those in attendance may also bid by writing on the supplied bidding cards and handing them in to the auctioneers. All live bids and all lots will be visible at all times, both online and on a big screen on-farm.

Online registration is available NOW and we encourage everyone to visit our website [www.yourbid.co.nz](http://www.yourbid.co.nz), to register, and then place practice bids on the demonstration lots on the auction page.

Online bidding will be open from **Thursday 30<sup>th</sup> May - 11am** until the conclusion of the sale.

Updates on state of sale and likely finish will be made through the comments section of the web-site chat room.

A live screen on the website will show all lots alongside their current prices and the buyer number of the bidder who holds that lot.

Bids will be displayed on a computer or smart phone screen in the following colours: A live screen on the website will show all lots alongside their current prices and the buyer number of the bidder who holds that lot.

On-farm attendees will be able to view on a big screen on site.

Bids will be displayed on screen in the following colours

**EXAMPLE:**

**\$2500** Displayed in Red denotes the Vendor's reserve and indicates there has been no bid

**\$3000** Displayed in Blue means an active bid has been received

**\$3500** Orange highlight indicates a new Bid has been received within the last 2 minutes on this lot

**\$3500** The holder of the leading bid will have the lot number highlighted in green on their computer or their smart phone

The sale will run until **2.00pm, 30 th May 2024**. After this time the sale will conclude once there has been a period of at least 2 minutes without a bid being received on any lot. If another bid is placed on any lot during the 2-minute period, then time is extended and bids can be received on all lots for a further 2 minutes.

This process will be repeated until a clear 2 minutes passes without any bids on any lot at which time the sale will conclude. Final Time will be called clearly by the commentary team who will use their discretion to ensure all bidders are satisfied.

All updates will be posted on the website, as will an up-to-date version of this document.

The award-winning yourbid online selling platform was developed by the Giddings Family for their 2020 Angus Female Sale which was held during the first COVID lockdown.

The system was further developed to incorporate on-farm and online bidding, and has been used successfully for 3 years now.

It has been used to run over 50 sales of sheep and cattle sales for studs both in NZ and the UK.

BREEDING SERVICES

## SEMEN EVALUATION AND FERTILITY TESTING

Xcell Breeding Services semen evaluation and fertility testing is a practical method used worldwide to eliminate bulls with less than satisfactory breeding potential and is part of our procedure to demonstrate normal reproductive ability. Xcell Breeding Services uses this safe and reliable method to assist the breeder in their desire to produce quality animals.

The evaluation consists of:

- Palpation and examination of the testicles, the testis should be firm, equal in size with no palpable abnormality and have scrotal diameter in keeping with industry standards.
- The penis and sheath are examined for any apparent abnormality e.g. sores, lacerations, abscesses, hair rings, warts, cork screw, penile frenulum, scar tissue, signs of damage. During electro stimulation the penis must extend from the sheath, straight in the midline of the bull.
- Microscopic evaluation of a semen sample for Motility (% of live sperm within the sample) and morphology (% of normal vs. abnormal sperm within the sample).

All the above information is considered and, where there is any departure from normal the bull is either failed outright or re-evaluated at a later date.

Each bull presented by **Waimara Ltd** has undergone Xcell Breeding Services semen evaluation and fertility testing on **27/02/2024**

Greg McKay  
General Manager

Disclaimer: As the testing is often done some months prior to the bull being joined, it is important to appreciate that subsequent ill health or injury may render the animal either temporarily or permanently infertile.

It is important to observe young bulls working and it is good practice to back up mate with a proven sire after 2 cycles to cover the possibility of any possible subsequent temporary infertility.

## Angus NZ EBV's Explained

TransTasman Angus Cattle Evaluation (TACE) EBVs and selection indexes remove the effects of non-genetic factors (e.g. feeding regimes, animal age) from what is seen and measured to provide the best measure of an animal's genetic merit. TACE information should always be used in conjunction with other selection criteria, including visual assessment.

### A BEST PRACTICE GUIDE TO SELECTING YOUR NEXT ANGUS NEW ZEALAND SIRE

A TACE Guide to Animal Selection allows you to select the best genetics for your herd in four easy steps:

1. Consider the individual EBVs of importance.
2. Consider other traits of importance (e.g. visual assessment).
3. Identify the **Angus New Zealand selection** index of most relevance to you.
4. **Rank animals** using the chosen selection index.

The majority of these steps can be undertaken online, allowing you to generate a shortlist of bulls for potential purchase ahead of sale day. The searchable version of this catalogue can be found online here [www.angusnz.com](http://www.angusnz.com).

### TRANSTASMAN ANGUS CATTLE EVALUATION

The Angus New Zealand Association publishes the following TACE EBVs and Selection Indexes. Please note that only EBVs from the same TACE analysis can be directly compared.

More information, including EBV descriptions and how to use them, can be found in the **Using & Understanding TACE EBVs** booklet. Scan the QR code for details.

# COULD YOUR BULL FILL THIS SPACE?

Win a photoshoot and advertorial for 2025

We know your prize bull is worth putting front and centre, so enter the draw to win an interview, professional photoshoot and full-page advertorial just for your stud! Be an FMG client (or receive a valid FMG quote) and complete our short survey, and we'll put you in the draw!

Enter at [fmg.co.nz/advertorial](https://fmg.co.nz/advertorial) or scan the QR code\*

For more information about FMG Premier Bull Sales Insurance talk to your FMG

Rural Manager and check our Purchaser Instruction and Insurance Slip.

\*Terms and conditions apply

---

We're here for the good of the country.

**FMG**  
Advice & Insurance

# *FMG Premier Bull Sale Insurance*

## ***What is FMG Premier Bull Insurance?***

FMG provides automatic insurance for all bulls auctioned at an FMG Premier Bull Sale up to the value of \$50,000 for 14 days at no cost to the purchaser. For any bull purchased over \$50,000 talk to an FMG representative.

## ***What is the length of cover?***

You will automatically be insured for the specified bull for 14 days. You also have the option to extend the length of insurance to 12 months. Simply tick the “Extend your Premier Bull Insurance” option on the Purchaser Slip. The specified bull is then insured for the remaining period of 12 months at **7.6%** of the purchase price (the sum insured for the bull). If you would like to discuss an alternative timeframe, please have a chat with your local FMG representative.

You don't have to pay today, FMG will invoice you for this additional cover.

## What are the benefits?

✓ **Infertility**

Cover if your specified bull has to be euthanised due to permanent infertility caused by certain accidents, disease, or illness.

✓ **Theft or death**

We cover your specified bull for theft or death caused by certain accidents, disease, injury, or illness (including while in transit anywhere in New Zealand).

✓ **Vet costs**

We cover up to \$500 for treatment of your specified bull to prevent death.

## What will FMG pay?

FMG will pay the fair market value of your specified bull, less any amount you receive for the sale of the carcass, up to the amount shown on the insurance certificate.

# Bull Purchaser Instruction and FMG Insurance Slip

Please complete this slip and hand to the Booking Clerk before leaving the sale. This slip **MUST** be fully completed to be eligible for the 14 days free Premier Bull Insurance.
